*"Each one of us has the ability to heal ourselves – and others.  
That gift, which is often dormant, can be awakened and used to transform  
our lives, and those around us, into something remarkable".*

This workshop will show you how to awaken your healing gift and invoke remarkable changes within your lives and the lives of others.

Amongst the topics, we will be looking at are:

- \* Guided Meditation & Relaxation
- \* Sensing Energies
- \* The Human Aura-and How to see it
- \* The Creative Mind – The importance of Positive Thoughts on our Health
- \* Attunement for Healing, Protection & Grounding.
- \* Demonstration & Practice of Healing etc

Roger and Kim are founder members of **Healing in America**, a nonprofit organization based in Ojai, CA, which is affiliated to the National Federation of Spiritual Healers, the largest healing organization in Europe with over 6,500 members. They have been running workshops and groups in Britain and the US for many years and their vision is to help integrate complementary therapies into main stream health care in line with Europe.

The workshop is informative, practical and fun.
